Posers, listen, here am I,
the one who's going to win.
There's only rock and roll for me,
anything else is a sin.
I'm going to raise up to you,
your breakdance will be doomed!
Only if you will obey me,
you'll liver don't laugh, it's the goddamned
truth,...

couplet I

Flashlights, fire, burning stages,
I, the Axeman, took my toll.
The warriors of Rock has won the battle.
No prisoners! Their heads will roll.
Marshall power, screaming guitars!
My throat is blasting your ears.
You are the victim of the Dark Vision,
thunder is all you can hear.

refrein

More victims are entering the Temple of Rock,
attended by the music of Pan.
(Welcome to) Heavy Metal, loose all hope,
this is a god forgotten clan,...

couplet II

Trashers, look, here we are!
The ones that Leader didn't want.
We're going to take down on you,
our mighty power will be strengthened.
To hell with disco, to hell with Prince,
they don't know what music is about.
Metal militia music is right,
kick your asses, scream and shout!

refrein

attended by the music of Pan.
(Welcome to) Heavy Metal, loose all hope,
this is a god forgotten clan,...

Dark night, high moon, tolling hells,
this is the night we want to play.
And if you can't play, bang your head,
or trash around and he our prey.
Don't stop by, but give it all,
we do the same for you.
With Flying V's and double base,
Dark Vision is your crew!
